MAKING THE IMPOSSIBLE POSSIBLE FOR CHILDREN

From the **Little Blue Schools** in Mexico to **Children Care Center** in Serbia & **L'Ecole de Choix** in Haiti, along with **No More Victims, Inc.** in Houston, Texas, we are

PARTNERING TO CREATE SUSTAINABLE SOLUTIONS FOR THE WORLD'S MOST VULNERABLE CHILDREN.

Cherish Our Children International relies on the generosity of our supporters to grow and sustain the programs we work with. With just a few simple steps, you can leave a gift that endures over time and creates a living legacy through Cherish Our Children International. You too can have a major impact on children for generations to come — children who otherwise are likely to live impoverished or educationally deprived lives.

Planned gifts are contributions designated through your long-term estate or financial plans. What a wonderful way to support Cherish Our Children International! These Legacy Gifts are designated through your will or revocable living trust and are typically deferred until after your lifetime.

Individuals may designate estate gifts to COCI with no effect on your current income or assets.

A bequest allows you to support COCI while putting your family's financial needs first.

IT TAKES AS LITTLE AS ONE SENTENCE, KNOWN AS BEQUEST LANGUAGE, IN YOUR WILL OR TRUST TO MAKE YOUR GIFT.

That one sentence has the power to support some of the most vulnerable children of the world through Cherish Our Children International for years to come.

It is good for your family to know your wishes, so preparing a valid codicil with your attorney is very important. Legacy gifts can be made using the following:

IRA / qualified retirement plan

(simply contact your financial advisor and modify your beneficiary designations)

Life insurance policy

Charitable remainder trust

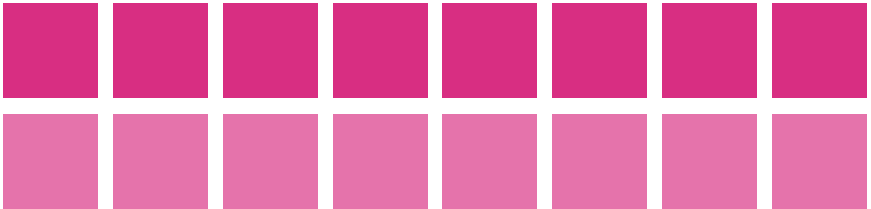

Charitable gift annuity

For more information, or to plan your gift, contact:

Planned gift donors are acknowledged through the Cherish Our Children International donor recognition program.
